

A close-up, low-angle shot of a black and white cow's head and neck, looking towards the camera. The cow has a white face with a black patch around its eye and a black patch on its neck. It is wearing a yellow ear tag with the number 1234. The background is a blurred barn interior with wooden stalls and other cows.

LEGEND SOFT BED

Specialized urethane foam underlay in moisture resistant bag

No thin top cover to break down and tear

Will not pack like sand and crumb filled beds

Simple and fast installation

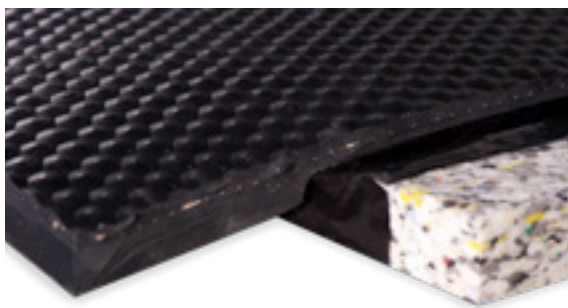

Designed for free stalls

SPECIFICATIONS

Bed length 67" or 71"

Roll length 80'

Thickness 1.5"

Molded edges prevent ingress of dirt/liquid, making the bed more hygienic. This also creates a run off to prevent puddling on the mat surface.

LEGEND XCS-1 BED

- Robust all rubber bed
- Engineered air cushion for comfort
- Unique drainage channels to increase hygiene
- Perfect solution for floor mounted dividers and posts
- Simple installation: install one bed at a time
- The most versatile bed on the market
- Designed for tie stalls or free stalls

SPECIFICATIONS

Thickness	1 5/8"
Size	51" x 72" 47" x 72"
Option	Additional foam layer

Can be trimmed to 45" x 68"

Featuring Legend's revolutionary rubber underpad for maximum cow comfort and longevity.

Legend offers a Tee Bar Joiner which anchors the mat down firmly while eliminating the ingress of bedding along the joints.

BEDS THAT LAST. COWS THAT PRODUCE.

SIMPLE TO INSTALL AND MAINTAIN,
OUR BEDS NOT ONLY PROVIDE EXCEPTIONAL
COW COMFORT, BUT PROVIDE THE FARMER
A STRESS-FREE SOLUTION

XCS-R80 BED

XCS-R80

Designed for tie stalls or free stalls

The most durable and reliable bed on the market

2 layered system, where the 8mm (5/16") thick virgin rubber top cover bridges the revolutionary double bubble underpad, to create the perfect balance of comfort and strength

Unique rib system on the front and rear of the stall prevents the rubber from cracking and splitting like traditional systems, all while maintaining a flat and scrapable rear edge.

Can be combined with Superbed foam for extreme comfort

SPECIFICATIONS

Bed length	67" or 71"
Roll length	64'
Thickness	2"

XCS R80 shown above with optional foam layer offering ultimate comfort.

Rear edge slopes to drain any liquids to help keep beds clean and dry.

LEGEND SLAT RUBBER

Increased comfort on soft claw friendly surface

Cows can move with confidence increasing heat detection, caudal licking and walking speed

Soft surface lowers claw lesions and lameness

Pebbled surface does not allow manure to pack creating a cleaner, more hygienic environment

STATISTICS

Thickness	7/8"
Size	Custom cut to slat layout

Unique rubber peg system holds mats in place without damaging slats.

ROTARY DECK MAT

Custom cut to any size rotary or parallel stall

Increased comfort on soft claw friendly surface

Enhanced grip and comfort during milking cycle

Pebbled surface - easier to clean

Made of extremely strong virgin rubber; designed to last

Manufactured in the USA

STATISTICS

Thickness 7/8"

Size Custom cut to rotary or parallel stall

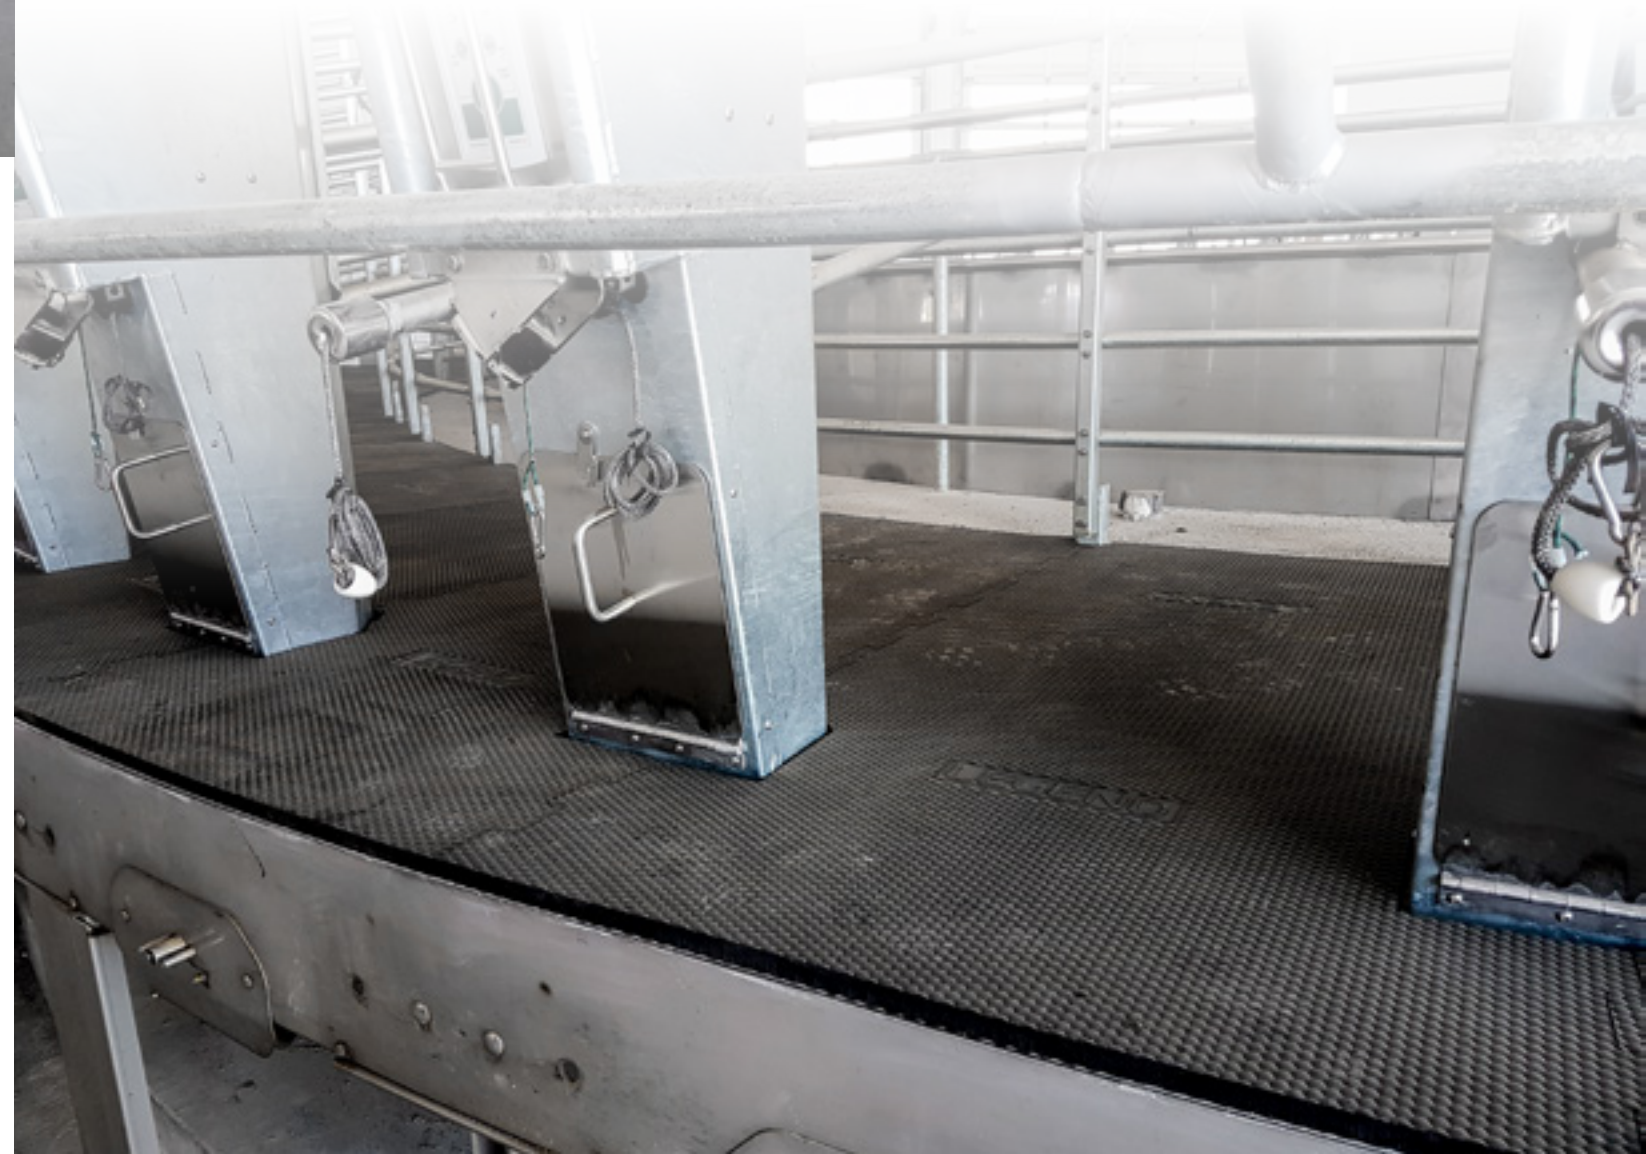

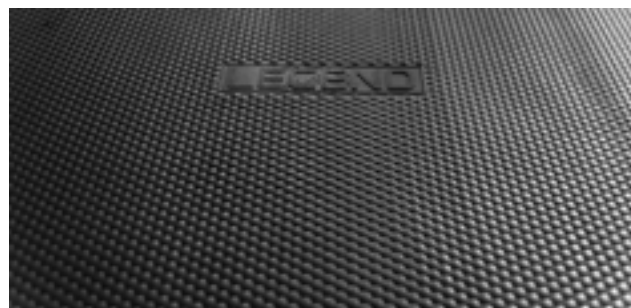

Agressive Surface

Excellent for maximizing traction in rotary stalls

Hammer-top

Easy to clean; hygienic surface

LEGEND AGRIMAT

Interlocking mat for walkways, holding areas, parlour decks and crossovers

Checker plate top and studded base allow hooves to sink in and provide maximum grip and traction

Cows confidently move with step length equaling that of being in the pasture

Reduced lameness and claw lesions

SPECIFICATIONS

Size 37" x 43" x 1"
Custom cut to your barn

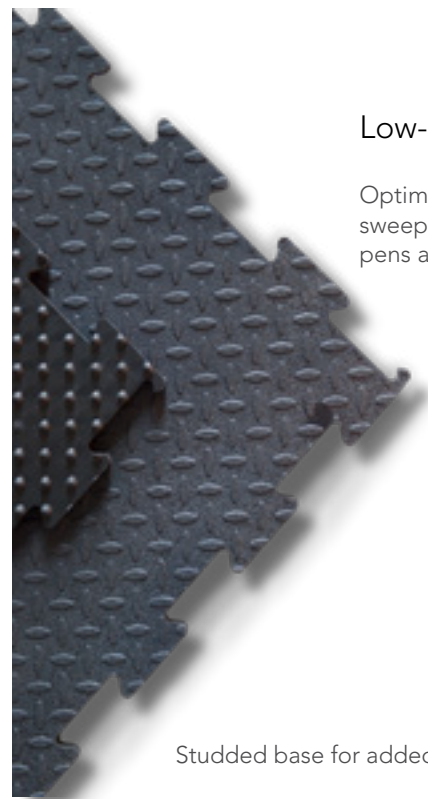

High-Profile AgriMat

Excellent for maximizing traction in holding areas and parlours

Low-Profile AgriMat

Optimal for areas that need frequent sweeping and cleaning, ideal for calving pens and walkways behind the cows.

Studded base for added softness.

A black and white cow with distinctive patches is standing in the center of a long, well-lit barn aisle. The cow has two yellow ear tags, one on each ear, both with the number 2791. The barn has a high ceiling with exposed wooden beams and a series of windows along the left side. Metal railings line both sides of the aisle, and other cows are visible in the background. The floor is dark and appears to be made of grooved metal plates.

INDUSTRY-LEADING GROOVED BELT

EXTREME DURABILITY AND A PERFECT BALANCE
OF COMFORT AND GRIP, GIVING COWS MUCH
MORE CONFIDENCE

LEGEND GROOVED BELT

- Proven for extreme durability
- The product of choice for North America’s most successful dairies
- Guaranteed NEVER to stretch
- Soft virgin rubber allows hooves to sink in for excellent comfort and grip;
