Milk Replacer Mixer
Nipple/Bottle Washer

Integrated Milk Replacer Mixer Nipple/Bottle Washer

Westwaard manufactures a full line of bottle and nipple washers. We are now offering models that combine with the versatility of a milk replacer mixer for complete single cycle automation.

Save time and labor by mixing your milk replacer, feeding your calves then loading the bottles and nipples into the fully automated unit to clean and sanitize with the push of a button.

With our years of equipment and automation experience, our goal is to give you the tools to raise the healthiest calves possible, while allowing you to do it in the most efficient and most economical method available.

Individual valve zone control for washing at less than full capacity.

Cone spray nozzles for clean spray and excellent bottle coverage.

Easily clean and sanitize your calf milk bottle nipples.
